Relevant/ Volunteer Work

User Experience Class Project

ARS 434

Interface Design

2024

- Led a team project to design an all-in-one road trip application, Road To Go, consolidating route planning, pit stops, and real-time updates into a single streamlined platform.
- Delegated tasks across six team members and ensured design consistency, flow, and usability throughout the application.
- Organized content into clear, purpose-driven sections with intuitive navigation.
- Contributed to a clean, minimalistic interface with high-contrast elements and visually clear maps to improve accessibility and readability for navigators.
- Facilitated collaboration to maintain cohesion between user flows and features.

Webdesign

ARS 332

Interface Design

2025

- Developed a monthly subscription beauty and self-care brand, Elevoir, with a cohesive celestial and ritual-inspired identity.
- Created the complete visual system, including logo design, product packaging, typography, color palettes, and iconography.
- Produced high-fidelity product mockups and digital assets using Adobe Dimensions.

- Designed a polished, multi-page website from Figma to Webflow to communicate the brand's story, product offerings, and visual tone.
- Ensured consistency across all materials, resulting in a unified and professional brand presentation.

HTML Animation

2025

- Developed a browser-based interactive animation using HTML, CSS, and JavaScript within Adobe Dreamweaver.
- Created all illustrative assets in Adobe Illustrator, ensuring a cohesive visual style and smooth integration into the animation.
- Built responsive layout and motion behaviors that react to user interaction and scrolling.

Fuego Steakhouse and Grill

Blountsville, AL

Graphic Design Assistance

2024-Present

- Design and illustrate signage for special events and seasonal offerings.
- Assisted in updating the current menu layout.
- Contributed creative assets and photography for the restaurant's social media.

Server

2024-Present

- Delivered high-quality dining experiences in a fast-paced, upscale environment, consistently maintaining professionalism and exceptional customer service.
- Managed multiple tables efficiently while ensuring accuracy in orders, timing, and guest satisfaction.
- Worked collaboratively with a diverse team to deliver smooth, efficient service during high-volume shifts, demonstrating strong teamwork and reliability.
- Quickly adapted to changing guest needs and menu updates, showing consistent adaptability and readiness to learn.
- Provided warm, attentive service by listening to guests' preferences and concerns.
- Took initiative during busy periods by assisting coworkers, managing side duties, and ensuring the dining room stayed organized and guest-ready.
- Stayed highly detail-oriented in preparing tables, verifying orders, and coordinating with kitchen and bar staff to ensure seamless service.
